

THANK YOU!

For Helping Us to Help People to Become Everything that They Are Created to Be!

ANNUAL HIGHLIGHTS

IMPACT 2024

- We measured over 83 Qualitative Life Improvements in community members' lives among the marginalized and vulnerable in our humble, front-line missional presence in Downtown Barrie! (emotional, mental, spiritual, physical, relational and familial, and/or resources such as housing improvement, etc.)! **This is why we're here!**
- We distributed over 37,000 lbs of Grocery Assistance, a 40% increase over 2023, virtually matching a 39% increase in guest access!
- We included 22 New or First Time food donors; including 7 area churches. Most of our donors and participants up until now, however, are individuals.
- We provided an average of 15 prepared meals/week to marginalized community members in need, in addition to a weekly community meal at the Hope Centre with up to 40 people on average.
- We distributed over \$6,000 in coffee, breakfast, or lunch to anyone expressing immediate need at Higher Grounds Coffee House.
- We continued to house men to support their sobriety and growth at Hope House Barrie.

... and so much more! Thank You for Participating and Contributing to the radical lives-changing impact of the Hope Barrie Missional Movement!

GROWING IM PACT

LOCAL-NATIONAL-GLOBAL

- **Locally**, we launched the *Hope Conference*, to bring people together to Learn, Inspire, & Equip one another to engage poverty from a Christian perspective, and it was a massive success! Go here: hopeconference.ca;
- **Nationally** and Internationally, Hope Barrie is at the cutting edge of building missional movement among the marginalized. We're inspiring and equipping ministries across Canada and around the world, making an impact as far away as Calgary and Germany!
- **On a Global Scale**, we're pioneering academic research on Missional Movement and Poverty Intervention. Contact kevin@hopebarrie.com to find out more, or to inquire about helping to fund this research directly.

VISION 2025

OUR EXPANDED VISION

In early 2024, our Board of Directors adopted a new vision to reflect what has been happening at and through Hope Barrie already: to become a wider **Missional Movement** of churches, individuals, groups, and organizations.

Hope Barrie exists to help our city to help the marginalized and vulnerable.

Individuals representing well over a dozen churches serve in the mission of Hope Barrie;

Several local churches are now in informal, voluntary partnership with us as we help them to help others!
